EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Charles Gegenheimer on 10/27/06.

The application has been amended as follows:

In The Claims

Claim 78, "ingredient" should read --component--.

Claim 80, "71" should read --77--.

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest to one having ordinary skill in the art, a method of providing a wound dressing comprising the steps of "supplying liquid to an outlet in a vicinity of the wound to be dressed; subjecting the liquid issuing from the outlet to an electric field to cause the liquid to form at least one jet of electrically charged liquid, the liquid being such that, after formation, the at least one jet forms a charged fiber which is attracted to an area and deposits on the area or breaks up into charged fiber fragments which are attracted to and deposited onto the area to form a mat or web; and ***incorporating into the deposited mat or web cells that are configured to cause skin regrowth***" (emphasis added by the examiner)

The prior art also fails to teach or fairly suggest to one having ordinary skill in the art a method of forming a dressing for a wound, the method comprising the steps of "subjecting liquid to an electric field at an outlet in a vicinity of the wound thereby causing the liquid to form at least one jet of electrically charged liquid, the liquid being such that, after formation, the at least one jet forms a charged fiber that is attracted to said wound and deposits onto said wound or breaks up into charged fiber fragments that are attracted to and deposited onto said wound so as to form a mat or web on said wound; ***and incorporating skin cells into said mat or web***" (emphasis added by the examiner).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
